San Diego Crime and Intelligence Analysis Association

TRAINING FOR 2009 FEBRUARY 12TH @ 1400

Location: Sheriff's Admin Bldg.

9621 Ridgehaven Ct., San Diego (TB 1249 E2)

1st Floor Training Room

Looking forward to seeing you at our first meeting of 2009!!! We'll review the results of the membership survey and lay out the plan for this year. Lots in the works for the upcoming year - a greater intelligence focus, more accessible meetings (varied locations, webinars, etc.) and some inter-regional training and social events. Can you say road trip???

Analysts' Workshop:

ATM BURGLARIES – Multiple Simultaneous Regional Series

Alfred Stumpfhauser, San Marcos Sheriff's and Diann Williford (NICB), RATT Intel Analyst

We'll get an update from Diann and Alfred, then roundtable and work through any opportunities to support the ongoing investigations of our ATM thieves. If this sets a precedent that we periodically find regional crime issues to address together, so be it. This is an opportunity to consider the bigger picture, share resources and information, and collaboratively hone specific analysis techniques

Intelligence Update:

Ben Hayhurst, our newest member, will present his duties as DHS/HQ's intelligence analyst assigned to our region and cover the following info:

Did you know that DHS HQS has an Intelligence office separate from ICE, CBP, TSA, Coast Guard, etc? And DHS HQS/Intel has a presence in San Diego... What does DHS HQS/Intel do in San Diego?

And, as always... "NETWORKING!!!"
